

AAYUSH DHIMAN

Delhi NCR | +91 97208 14681 | aayushdhiranok@gmail.com | linkedin.com/in/aayushdhiran22

PROFESSIONAL SUMMARY

Senior Associate – Marketplace Operations at Global Bees (Jun 2026–Present), with strong expertise in marketplace operations, MIS reporting, business analytics, and supply chain management. Previously at CURRYiT (Dec 2024 – Jun 2026), managed high-volume D2C and B2B logistics, built automated dashboards, and delivered data-driven insights to leadership. Proven track record of reducing manual effort by 2–3 hours daily and minimising operational errors by 80–90% through automation. Skilled in Advanced Excel, Google Sheets, and process optimisation, with an MBA in Operations & Finance.

PROFESSIONAL EXPERIENCE

Senior Associate – Marketplace Operations

Global Bees | Delhi NCR

Jun 2026 – Present

- Driving marketplace operations across platforms, ensuring efficiency and scale
- Working on data-backed process improvements and operational frameworks
- Collaborating cross-functionally to optimise seller and channel performance

Assistant Manager – Business Operations

CURRYiT | Delhi NCR

Dec 2024 – Jun 2026

- Managed end-to-end D2C order fulfilment (Amazon & website), handling 40–50 orders daily
- Coordinated B2B logistics for 500–600 POs/month, ensuring 20–25 daily dispatches
- Built Google Apps Script automations reducing manual workload by 2–3 hours daily
- Reduced packing and operational errors by 80–90%, enhancing accuracy and customer satisfaction
- Developed MIS reports and dashboards to track sales, dispatch, and inventory performance
- Prepared demand planning sheets enabling leadership to make data-driven decisions
- Monitored KPIs: OFD delays, RTO reasons, delivery performance, missing GRNs
- Managed operations across 50+ warehouses on Blinkit, Zepto, Swiggy Instamart, BigBasket, Amazon & FirstClub
- Generated weekly performance dashboards and reports for founders and senior management
- Identified operational gaps and provided data-backed recommendations to improve efficiency

PROJECTS

Dispatch Analytics Dashboard

- Turns raw dispatch Excel exports into a shareable dashboard — shipped-quantity trends, brand/warehouse breakdowns, status tracking across platforms
- One HTML file, zero installs, opens anywhere

CURRYiT Attendance System

- Live attendance app with geolocation check-in, leave workflows, and role-based access for employees, managers, and admins
- Built with Firebase, React, TypeScript, and Supabase

Box Sticker Generator

- Reads warehouse Excel sheets and auto-generates branded A5 box stickers as print-ready PDFs
- Eliminated manual sticker-making from dispatch workflow

D2C Packaging Sheet Automation

- Google Apps Script tool automating data formatting, duplicate removal, and multi-sheet generation
- Saved 2–3 hours daily; errors reduced by 80–90%

KEY ACHIEVEMENTS

- Reduced operational errors by 80–90% through automation at CURRYiT
- Saved 2–3 hours daily through Google Apps Script automations
- Successfully managed multi-warehouse operations (50+)
- Awarded the "Rising Dough Award" for performance excellence at CURRYiT
